The Buccaneers of the Atlantic Coast (BotAC) is a historical reenactment group dedicated to preserving a part of our Atlantic Coast history that's both romantic as well as forbidding... and a lot of fun too!

In addition to swaggering around, acting all cool and pirate-like, our group participates in children's events, marches in parades, performs stage combat routines, and conducts lectures on various piratical topics.

There are currently 8 "ships" (chapters) sailing these waters. If you are interested in signing on as a mate aboard one of them or in forming a new ship in your area, please send us an email at: **info@atlanticbuccaneers.com**.

If you like the feel of the waves beneath your feet, swaggering when you walk, wearing an eye patch, or simply enjoy saying "Arrrrrrrr!!!!," then come along and join up!
